

Hello David,

Thank you for letting us be apart of your build. Following are the flow numbers from our superflow flowbench @28" testing pressure. Stock they flowed [251cfm@.700"](#) on the intake and [183@.700"](#) on the exhaust. If you have anymore questions feel free to email or call the shop at 832-373-3257.

**Ported Intake/Exhaust**

.200"-138/114

.300"-211/152

.400"-269/199

.500"-286/215

.600"-307/227

.700"-312/231
